Procurement framework - NHSSC

Other systems it integrates with? – Medical devices, Altera EPR

Total value of contract (£) – £33,751

Notes - e.g. we are currently out to tender

N/A

System definitions:

Outpatient e-prescribing - Advanced e-prescribing in use across wards for outpatient care, incorporating specialist prescribing and (ideally) clinical decision support, integrated as part of end-to-end medicines management. This possibly offers the single biggest opportunity for improving patient safety through digitalisation.

Inpatient e-prescribing - Advanced e-prescribing in use across wards for inpatient care, incorporating specialist prescribing and (ideally) clinical decision support, integrated as part of end-to-end medicines management. This possibly offers the single biggest opportunity for improving patient safety through digitalisation.

Order Communications - Electronic ordering communications systems (OCS) are computer applications used to enter diagnostic and therapeutic patient care orders, for example laboratory test requests or prescriptions, and to view test results. The primary aim of the system is to remove most of the current paper-based process for requesting laboratory investigations and for receiving results.

Pharmacy - Pharmacy orders and stock control is managed electronically

Critical care - A critical care information system for Intensive Care Units and high acuity care that enables clinicians to manage critical workflow and care plans for patients.

If you are not entirely satisfied with this response, please do not hesitate to contact the Information Governance Department via the email address provided. If we do not hear from you within 28 days, we will assume that we have been able to accommodate your request under the Freedom of Information Act 2000.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Richard Mundon', is centered on a white rectangular background.

Richard Mundon
Director of Strategy and Planning

PLEASE NOTE:

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of our decision, you should write to: Information Governance Department, Wrightington, Wigan and Leigh NHS Foundation Trust, Suite 9, Buckingham Row, Brick Kiln Lane, Wigan, WN1 1XX.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a decision at:

The Information Commissioner's Office
