Dear Sir/Madam

You asked:

- 1. How many patients are on dialysis at the trust and are these being seen two or three times per week?**
- 2. What is your current capacity level and what is your maximum capacity level of renal dialysis?**
- 3. What is your current number of dialysis stations/beds?**
- 4. What is the average cost per patient for renal dialysis within an NHS trust environment?**
- 5. Do you run two or three sessions per day and how many days per week do you run your service for?**
- 6. What is your contingency plan for when you run out of internal dialysis capacity?**
- 7. Where does the primary source of funding for the renal department stem from? Is it directly from the trust or the ICB?**

The Trust does not provide a renal dialysis service, the service is provided by Salford Royal Hospital.
